

# Make your own Penguin Huddle

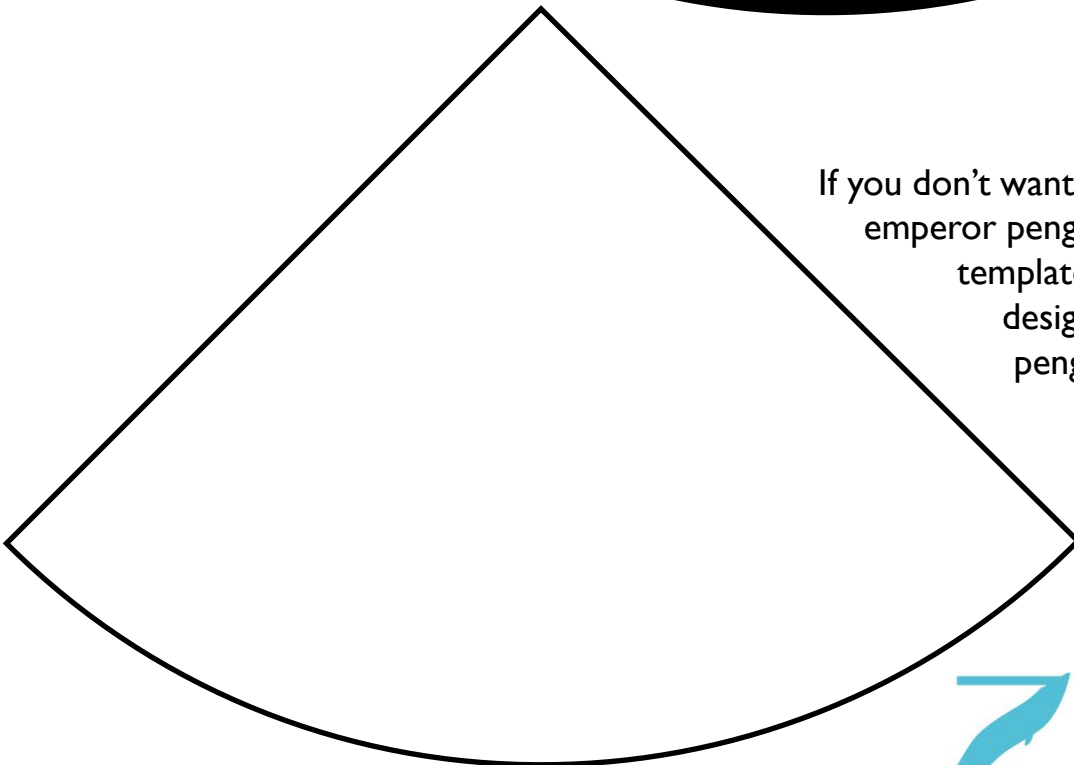

Emperor penguins huddle together to keep warm in the extreme cold of the Antarctic winter. Make your own penguins to huddle together.

To make your penguins:

1. Cut out the quarter-circle shape
2. Colour the orange patches to make your penguin look like an emperor
3. Roll round into a cone and stick the straight edges together using glue or a little bit of tape.
4. Fold the tip (c. 2cm) forwards over the white tummy to make the head.

If you don't want to make an emperor penguin, here's a template for you to design your own penguin instead.
